### **DETAILED ACTION**

1. Claims 1-24 are presented for examination.

### **REASONS FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance: after careful consideration and search of the present independent claims 1, 12, 17, & 24, the examiner finds the above claims allowable because the art record does not teach or discuss a combinations of limitations for transferring free buffer descriptors, stored in a buffer cache, from a first device to a second device in response to a threshold value of the free buffer descriptors, when the claims are interpreted in accordance with the specification. Many of the prior art teach management or controlling buffer descriptors rather than the free buffer descriptors.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
